## with Sqwincher!

Heat-related injuries are on the rise in the United States, many of which result in temporary disability or worse. Most of these injuries could have been prevented with one simple solution...Sqwincher®!

Sqwincher's electrolyte replacement formula was designed specifically for the high heat stress environment of industry. Sqwincher is absorbed into the body 98% faster than water, allowing the body to replenish the electrolytes and minerals needed for rehydration. Plus, it provides 50% more potassium and 50% less sodium than other sports drinks used in industry. And it tastes better.
